

MY NATURAL THYROID 150™

Discussion

My Natural Thyroid 150™ is a powerful thyroid hormone modulator designed to support healthy thyroid function, which in turn may have a positive effect on appetite, energy levels and weight management.*

My Natural Thyroid 150™ combines BSE-free bovine glandular thyroid with select herbs and nutrients to support optimal thyroid function.* Glandular thyroid has a proven track record of efficacy in supporting thyroid function.* This formula includes the key ingredients, L-tyrosine and iodine, which aid in nourishing healthy levels of thyroxine. L-Tyrosine and iodine also play a key role in the conversion of thyroxine to the more bioactive triiodothyronine (T4 to T3) thereby stimulating the thyroid gland.* The powerful combination of herbs and minerals added to this formula further supports the needs of an underactive thyroid.*

Supplement Facts

Serving Size: 1 Capsule Servings Per Container: 60

| | Amount | %DV |
